NOTE: Color Selections on this card provide a close approximation to the actual appearance of QC product color when used on horizontally troweled and/or imprinted concrete that has been sealed. Variations can be expected due to job conditions, finishing techniques, method of cure and use of sealers.

Please refer to price list for color groups and pricing. Custom colors and color matches are available: A minimum quantity or nominal charge may be required, please contact QC Customer Service for a price quote.

Concrete Products*

COLOR SELECTION GUIDE

QC COLOR HARDENER*

- **COLOR THAT PERFORMS:** QC COLOR HARDENER *delivers* premium architectural concrete performance: brilliant color, superior finishing, durable, hardened surfaces and improved texture transfer.
- **MADE TO ORDER:** From subtle tones to rich shades. *Custom* colors and color matching are available so every project is just what the client ordered.
- **DESIGNED FOR CRAFTSMANSHIP:** QC COLOR HARDENER *provides* the preferred coloring method for imprinted concrete, flatwork and vertical applications, or surfaces with salt, broom or rotary finishes, to show tone, texture, color and craftsmanship.
- **BUILT FOR DURABILITY:** The blend of selected gradated aggregates and architectural quality cements *produces* substantially harder and more wear-resistant surfaces. Request QC COLOR HARDENER HD, aluminum oxide enriched for slip-resistance in heavy traffic and commercial areas.
 - **COVERAGE RATES:** 60-150 lbs. per 100 square feet -varies by light, medium or dark color.
 - **PACKAGE SIZES:** 60-lb. plastic-lined bags or 60-lb. pails.
 - **RECOMMENDED SEALERS:** QC CemSeal, QC Solvent-Based Sealers, QC CemGuard or QC Surpro (SB or WB)*

QC RELEASE POWDER*

- **COLOR THAT PERFORMS:** QC RELEASE POWDER I is specifically for use with color hardened, textured concrete, while QC RELEASE POWDER II is *engineered* for use on any textured concrete including gray, integral colored and color hardened surfaces.
- **MADE TO ORDER:** Create a masterpiece of natural looking stone with almost any desired color when ordering QC RELEASE POWDER. *Choose* from 42 standard colors, provide a sample to match or design your own. Our staff is here to make every job right.
- **DESIGNED FOR CRAFTSMANSHIP:** QC RELEASE POWDER allows the *creative freedom* to achieve a clean release from mat-type texturing tools while producing highlighting and antiquing effects.
- **BUILT FOR DURABILITY:** Regular, proper maintenance of your finished architectural concrete will make the *beautiful* surfaces your clients dreamed of last a lifetime.
 - **COVERAGE RATES:** 1,000-1,500 square feet per 30-lb. pail
 - **PACKAGE SIZES:** 30-lb. pails.
 - **RECOMMENDED SEALERS:** QC CemSeal, QC Solvent-Based Sealers or QC Surpro (SB or WB)*

QC THIN-PAVE™ NI*

STAMPABLE OVERLAY

- **COLOR THAT PERFORMS:** QC THIN-PAVE NI stampable overlay *transforms* almost any simple flooring into an appealing expanse of imprinted artwork.
- **MADE TO ORDER:** Available in 42 standard colors and an endless array of personalized colors, QC THIN-PAVE NI always makes each job *unique* and always impressive.
- **DESIGNED FOR CRAFTSMANSHIP:** Created to bond with most structurally sound substrates, QC THIN-PAVE NI can be textured up to 3/8" thick with most standard imprinting tools for the illusion of *authentic*, hand-laid stone or brickwork.
- **BUILT FOR DURABILITY:** Convert tired, damaged concrete into stunning, stamped paving. QC THIN-PAVE NI allows a limitless variety of options to fit any *design* criteria.
 - **COVERAGE RATES:** range from approximately 22 sq. ft. at 1/4", 16 sq. ft. at 3/8", 11 sq. ft. at 1/2" and 9 sq. ft. at 5/8". Recommended thickness is 3/8".
 - **PACKAGE SIZES:** Liquid: 1- and 5-gallon pails. Powder: 47-lb. bags
 - **RECOMMENDED SEALERS:** QC CemSeal, QC PermaSeal, QC Solvent-Based Sealers or QC Surpro (SB or WB)*
